

PM 101 – World Class Maintenance Planning with SAP and Prometheus

The following agenda outlines the topics that will be covered during *World Class Maintenance Planning with SAP and Prometheus*. Attendees will also receive a detailed Course Booklet with instructions, guidelines, and screenshots to use throughout the course. The Course Booklets are intended for attendees to take notes in and take with them at the close of the course.

Prometheus Group encourages all Prometheus Group University attendees to take the optional Certification Test on the final day of the course. If an attendee passes the Certification Test, the attendee will be recognized as *PG Certified* and will receive a certificate and LinkedIn certification badge to share their accomplishment with colleagues.
