

# 2019 PROMETHEUS GROUP USER CONFERENCE

## NEW ORLEANS

April 29 - May 2, 2019

### Monday, April 29th

<b>12:30 pm – 1:00 pm</b>	<b>PGU and Prometheus Scheduler for Maximo Training Registration</b>
Foyer	Stop by the registration table to receive your name badge and welcome gift.
<b>1:00 pm – 5:00 pm</b>	<b>PGU Session 1</b>
Terrace Room	Prometheus Group's Senior Functional Consultant, Justin Fox, will lead Prometheus Group University Session 1. This PGU course will focus on collecting, analyzing, and acting on reliability with SAP and Prometheus.
<b>1:00 pm – 3:00 pm</b>	<b>Beginner Prometheus Scheduler for Maximo Training</b>
River Room	Whether you're brand new to Prometheus Scheduler for Maximo or could just use a refresher, this training session will walk you through the Scheduler and Calendar solutions, and important how-tos, including: setting up your gantt, sorting, grouping and filtering, assignments, craft requirements, calendar exceptions, and more. We'll also cover several handy shortcuts.
<b>3:00 pm – 5:00 pm</b>	<b>Using SQL to Master Prometheus Scheduler for Maximo Training</b>
River Room	You don't have to be a SQL guru to leverage Prometheus Scheduler for Maximo, but these querying tips and tricks will make reporting much easier and more effective.
<b>7:00 pm – 9:00 pm</b>	<b>Welcome Reception</b>
Riverbend Terrace	Meet other Prometheus users, mingle with our staff, and set the foundation for a wonderful week!

### Tuesday, April 30<sup>th</sup>

<b>8:00 am – 9:00 am</b>	<b>Breakfast &amp; Registration</b>
Riverbend Terrace and River 127	Stop by the registration table to receive your name badge and welcome gift. Please alert our staff of any allergies or dietary restrictions.
<b>9:00 am – 10:15 am</b>	<b>Keynote   Welcome &amp; Prometheus State of the Union</b>
Grand Ballroom II	Jeff Kinard, VP of Professional Services of Prometheus Group, will kick off the conference. Jeff will recap 2018 and share what new and exciting things are coming in 2019.
<b>10:15 am – 10:45 am</b>	<b>Break and Demo Stations</b>
<b>10:45 am – 12:00 pm</b>	<b>Prometheus Platform in Action: Digital Permitting in the Field</b>
Grand Ballroom II	Sean McWhirter, Sr. Functional Consultant, reviews recent developments, customer partnerships and the 2019 vision for the Prometheus ePAS solution which includes Platform integration, asset management integration, and mobility.
<b>12:00 pm – 1:30 pm</b>	<b>Lunch</b>

Riverbend Terrace and River 127	Please alert our staff of any allergies or dietary restrictions.
1:30 pm – 2:30 pm	Breakout Session
Grand Ballroom II	<u>Track 1 – Mobile V3: What’s New?</u> A deep dive into the highly anticipated release of the new version of Prometheus Mobile. We will go through the updated screens, usability, functionality, and roadmap of features to look forward to.  <u>Track 2 – Driving Shutdowns and Turnarounds with Analytics</u> Lyndal Skaggs, Prometheus Group Super-User, takes you further into how he leverages Prometheus Group products for his turnarounds. He will focus on tracking the scheduling and execution through reporting with Prometheus Analytics.  <u>Track 3 – ERP Advanced Customer Spotlight: Cameco</u> Senior Planner, Kevin Wharmby, from Cameco, a major uranium mining operation, details the use case for implementing ERP Advanced. This presentation will center around reasons to explore software over hiring additional resources, continuing to use old processes, and the path to get to a better way of doing business.
Grand Ballroom I	
River Room	
2:30 pm – 2:45 pm	Break and Demo Stations
2:45 pm – 3:45 pm	Breakout Session
Grand Ballroom II	<u>Track 1 – Digitize your Safe Work Process</u> An in-depth look at how Prometheus ePAS on Mobile and the web is revolutionizing the way customers are handling their permitting process through digitization and the flexibility of being able to access permits at both work stations and in the field.  <u>Track 2 – Production Planning on the Web</u> During Spartan Controls' SAP implementation, they identified a need for improved scheduling and mobility for both production and service orders. See how Prometheus Web Scheduler and Mobile met the needs of both workflows and brought maintenance and operations together.  <u>Track 3 – Leveraging Maximo to Create Reliability and Effectiveness</u> Join Sr. Business Analyst, Kevin Richey, of the City of Roseville as he takes you through the city’s journey of implementing Core Maximo, Maximo Spatial and Utilities, and DataSplice (now Prometheus Mobile) to automate EAM business processes.  <u>PGU Session 2</u>
Grand Ballroom I	
River Room	
Terrace Room	
3:45 pm – 4:00 pm	Break and Demo Stations
4:00 pm – 4:45 pm	General Session – Introducing Web ERP Advanced
Grand Ballroom II	ERP Advanced and the Prometheus Scheduler are now officially on the web! As we take a closer look at this solution, we'll show how Web ERP Advanced can do everything from the previous version and more now that we aren't limited to the framework of SAP or Maximo.
4:45 pm – 5:00 pm	Day 1 Wrap Up
4:45 pm – 5:30 pm	Support & Consultations
	During this time, you can talk with our team about your support questions and schedule a one-on-one consulting session.

6:00 pm – 7:30 pm	Happy Hour at the House of Blues
Meet in the Lobby at 5:45 pm	Enjoy happy hour and hors d'oeuvres at the House of Blues.

Wednesday, May 1<sup>st</sup>

8:00 am – 9:00 am	Breakfast
Riverbend Terrace and River 127	Please alert our staff of any allergies or dietary restrictions. <i>Consultations available in the foyer area.</i>
9:00 am – 9:15 am	Welcome Session
9:15 am – 10:30 am	Keynote   Introducing Prometheus STO Manager
Grand Ballroom II	Stephen Taylor, Product Manager, will showcase Prometheus Group’s newest product: STO Manager. Learn how STO Manager offers Scope Management, Approval Workflows, Materials Management, and other essential STO planning functions to ensure execution readiness.
10:30 am – 10:45 am	Break and Demo Stations
10:45 am – 12:00 pm	Breakout Session
Grand Ballroom II	<p><u>Track 1 – STO Manager Live Experience</u></p> <p>Join Prometheus Group for a hands-on, interactive experience through our newest product: STO Manager. Simulate a real STO event by creating and approving scope, requesting materials, and tracking our execution readiness. (Session will be repeated on Thursday at 10 AM)</p>
Grand Ballroom I	<p><u>Track 2 – Build a Foundation for Success with Prometheus’ Master Data Solutions</u></p> <p>Tracy Smart, Manager of Supply Chain Integration and Optimization at Marathon Petroleum Company, formerly Andeavor, will discuss the direct impact that standardization made when faced with the integration of three new plants in a very tight timeframe. Tracy will discuss the advantages of utilizing Prometheus MDS and how it enabled quick integration and multi-team cleansing efforts.</p>
River Room	<p><u>Track 3 – The Journey to a Mobile Workforce at Plains All American</u></p> <p>Plains All-American, a midstream energy company based in Houston, TX, implemented Prometheus Mobile for Maximo (formerly known as DataSplice) in 2018. In order to comply with 49 CFR 195 requirements, Plains implemented the tool to allow for on-the-job documentation of inspection findings for mainline valves, overpressure safety devices, overfill protection systems, tanks, and other equipment. In this presentation, learn about the mobile solution, lessons learned, and Plains' ideas for future use.</p>
Terrace Room	<u>PGU Session 3</u>
12:00 pm – 1:30 pm	Lunch
Riverbend Terrace and River 127	Please alert our staff of any allergies or dietary restrictions.
1:30 pm – 2:30 pm	Breakout Session
Grand Ballroom II	<p><u>Track 1 – Managing Change</u></p> <p>Ingevity’s roll out of ERP Advanced helped them uncover key gaps and challenges within their business processes and SAP. <b>Steve Gnegy, Ingevity</b>, a key player in the</p>

Grand Ballroom I	roll out, will share his experience working with Prometheus to identify, address and overcome those challenges to make Ingevity successful.
River Room	<p><b><u>Track 2 – Vistra Energy: Overhauling the Outage Process</u></b></p> <p>In March of 2018, <b>Vistra Energy</b> began down the path of overhauling how they scheduled and executed their outages. A few months later, they were fully functional on a new scheduling application, Prometheus Syntempo, and Prometheus Maxavera integration. See how they were able to implement such large changes so quickly and the impacts that better schedule data and execution had on their first post overhaul outage.</p> <p><b><u>Track 3 – Taking Planning and Scheduling to the Next Level While Improving Data Visibility</u></b></p> <p>Kelly Schena from IPSC will discuss how vScheduler has helped them to streamline their planning and scheduling process while giving them the ability to see data from their Time and Attendance system. All of which has resulted in an incredible ROI from the efficiencies gained due to the advanced use of vScheduler.</p>
2:30 pm – 3:00 pm	<b>Break and Demo Stations</b>
3:00 pm – 4:00 pm	<b>Breakout Sessions – Expert Panels</b>
River Room	A group of Prometheus customer experts will discuss important topics related to Permitting. These interactive panels allow the audience to chime in with questions and provide their own feedback to contribute to the discussion.
Grand Ballroom II	<b><u>Track 1 – STO Panel</u></b>
Grand Ballroom I	<b><u>Track 2 – Planning and Scheduling Panel</u></b>
	<b><u>Track 3 – Mobile Panel</u></b>
4:00 pm – 4:15 pm	<b>Break and Demo Stations</b>
4:15 pm – 4:30 pm	<b>Day 2 Wrap Up</b>
4:30 pm – 5:30 pm	<b>Support &amp; Consultations</b>
	During this time, you can talk with our team about your support questions and schedule a one-on-one consulting session.
7:00 pm – 10:00 pm	<b>Dinner &amp; Cocktails</b>
Meet in the Lobby at 6:30 pm	Join us at Mardi Gras World Museum in New Orleans for a fun night of socializing! Continuous transportation will be provided to and from Mardi Gras World.

Thursday, May 2<sup>nd</sup>
