Why Move to the Web?

- Flexibility – growing/fluctuating bandwidth demands
- Off-premise, out of sight – easier software updates
- Increased collaboration
- Competitiveness – act faster than the competition!

Functional Advantages

- Web apps are easier to access
- More intuitive than anything in SAP GUI
 - No SAP experience required
- Forward thinking – Web is the future of SAP
- Emerging workforce expects this type of user interface
- More configurable/flexible to meet customer requests
- No longer restricted by SAP rigid configurations

Additional Functionality

- Navigator
 - Drag and drop to place buttons & boxes
- Scheduler
 - Dynamic searches and filters to fields in selection screen
 - Direct edit of order data (not just operation data)
 - More flexible Scheduler display settings for colors and labels
 - Define capacity colors
 - Ability for auto scrolling schedule on plant floor
